

Personal Attitudes

6. PLEASE MARK ONE NUMBER TO SHOW HOW MUCH YOU AGREE WITH EACH STATEMENT, GIVING YOUR FIRST REACTION.

	Do not agree at all		Strongly Agree
1. HIV is no longer the threat it used to be.	①	② PATHR_43	⑤
2. I am somewhat more willing to take a chance of getting infected or infecting someone else now that combination drug treatments are available.	①	② PAWIL_43	⑤
3. I regard myself as a “barebacker”.	①	② PABCK_43	⑤
4. Because of combination drug treatments for HIV, I am less concerned about becoming HIV+ or infecting someone.	①	② PACDT_43	⑤
5. I feel tired of always having to monitor my sexual behavior.	①	② PATIR_43	⑤
6. HIV is now a controllable disease like diabetes.	①	② PACON_43	⑤
7. The pleasure of skin to skin sex outweighs the threat of infection or reinfection with HIV.	①	② PASKN_43	⑤
8. I find it difficult to maintain my commitment to safer sex.	①	② PACOM_43	⑤
9. I like wild “uninhibited” sexual encounters.	①	② PAUNI_43	⑤
10. I like new and exciting sexual experiences and sensations.	①	② PAEXP_43	⑤
11. I am a lot less worried about sexual “slipping” now that treatments may be given after unprotected sex.	①	② PASLP_43	⑤
12. The availability of combination drug treatments for HIV makes me less worried about having unprotected sex.	①	② PAUPS_43	⑤
13. Reinfection with HIV is a serious concern for me.	①	② PARIN_43	⑤
14. By taking combination drug treatments, an HIV+ person decreases the chance that he/she will infect a partner with HIV.	①	② PAINF_43	⑤
15. I am less concerned about having unprotected anal sex now that combination drug treatments are available.	①	② PAANA_43	⑤
16. An HIV+ person whose level of virus in the blood is undetectable is unlikely to transmit HIV to a sex partner.	①	② PATRN_43	⑤
17. I am interested in trying out new sexual experiences.	①	② PAINT_43	⑤
18. It takes a lot of effort to keep my sexual behavior safe.	①	② PASAF_43	⑤
19. No one has demonstrated that strains of HIV that will make someone resistant to multiple drugs can be transmitted sexually.	①	② PARES_43	⑤
20. I am very concerned about the transmission of Hepatitis C during unprotected sex.	①	② PAHEP_43	⑤
